

Agenda

ELISE Webinar: Emerging Approaches for Data-Driven Innovation in Europe

24th January 2022, 14:00 – 16:00 CET (UTC+1)

<p><u>Presentation of the report and scene setting from a scientific and policy perspective</u></p> <p>Alexander Kotsev, Marco Minghini, Marina Micheli & Sven Schade, European Commission, JRC Carlos Granell, Universitat Jaume I de Castellón, Spain</p>	<p>14:00 – 14:15</p>
<p><u>Session 1. Innovative approaches to data sharing</u></p> <ul style="list-style-type: none"> • Introduction to the session <ul style="list-style-type: none"> ○ Combining public sector and citizen-generated data - the case of addresses, Alessandro Sarretta, National Research Council, Italy. ○ Binary serialisation for static and dynamic data, Peter Mooney, Maynooth University, Ireland. ○ Enforcing automation in building, testing and deployment of software applications – the case of cloud-based data services, Just van den Broecke, OSGeo.nl, The Netherlands. • Discussion panel • Science and policy takeaways 	<p>14:15 – 14:50</p>
<p><u>Session 2. IoT and decentralised architectures</u></p> <ul style="list-style-type: none"> • Introduction to the session <ul style="list-style-type: none"> ○ Processing data close to its origin - edge computing on IoT devices, Frank Ostermann, University of Twente, The Netherlands ○ Event-driven architectures for data exchange, Simon Jirka, Matthes Rieke, 52°North Spatial Information Research GmbH • Discussion panel • Science and policy takeaways 	<p>14:50 – 15:15</p>
<p><u>Session 3. The social and organisational dimensions of data-driven innovation</u></p> <ul style="list-style-type: none"> • Introduction to the session <ul style="list-style-type: none"> ○ Addressing public-private partnership for data supply – data collaboratives for air quality in cities, Stefaan Verhulst, The GovLab, New York University, US. ○ Understanding demand for data-driven innovation in the public sector – the case of algorithmic processes, Lina Dencik, Cardiff University/Marina Micheli, JRC EU Commission. ○ Aligning EU-level policies and local practices in the advent of European data spaces, Hillen Oost, Association of Dutch Municipalities / Futura Nova.eu, The Netherlands. • Discussion panel • Science and policy takeaways 	<p>15:15 – 15:50</p>
<p>Wrap-up and next steps</p>	<p>15:50 – 16:00</p>
