

52°North Earth Observation/ILWIS Community Publications 2014

This document provides a list of publications addressing 52°North software/architecture developments and concepts from members of the 52°North communities. It also provides an overview of talks and presentations given at various conferences, workshops and seminars.

Conference Proceedings

Geonetcast

Mannaerts, C., Maathuis, B.H.P. & P.E. Budde (2014): Use of near real time Earth Observation data infrastructures and open source tools for Water Resources Monitoring and Assessment. In: Ames, D.P., Quinn, N.W.T., Rizzoli, A.E. (Eds.), Proceedings of the 7th International Congress on Environmental Modelling and Software, June 15-19, San Diego, California, USA. ISBN: 978-88-9035-744-2

Conferences and Workshops

iEMSs

Mannaerts, C., Maathuis, B.H.P. & P.E. Budde (2014): Use of near real time Earth Observation data infrastructures and open source tools for Water Resources Monitoring and Assessment. 7th International Congress on Environmental Modelling and Software, June 15-19, San Diego, California, USA.

FOSS4G 2014

Lemmens, R. (2014): ILWIS, the next generation tool framework for GIS and remote sensing. [FOSS4G](#) 2014, September 8 - 13, 2014, Portland Oregon, USA.

AARSE 2014

Maathuis, B. (2014): AGRICAB - Enhancing African EO capacities for agriculture and forestry management as contribution to GEOSS. Keynote for the 10th International Conference of the African Association of Remote Sensing of the Environment. October 27 - 31, 2014, Johannesburg, South Africa.
